

ChaoticVisions Curtain Crack + Free [32|64bit] [Latest]

Curtain is a useful Windows application that gives you the power to hide any window or group of windows to your system tray. Combined with various other window modification options, Curtain is the must have utility for any desktop where privacy, organization, and productivity matters. All features are exposed via customizable keyboard shortcuts to give you easy access to total window control. Give it a try. With multi-tasking and virtual desktops being the norm in many work environments, you can also use Curtain for those times when you want to quickly hide the time and weather, but also need to see your desktop. Features:

- Hide/unhide windows and dock windows
- Ability to specify the minimum size of the hidden window or dock window
- Save custom windows to tray
- Quick Access Toolbar for Window & Dock settings
- Ability to write a hotkey to quickly open/close the windows/dock window. You can also customize the hidden window to change the size and/or position of it
- Position the window to right side or left side of the taskbar
- Position the window behind the taskbar
- Ability to tell the window to appear as another taskbar
- Ability to move the hidden window to back of the taskbar
- Ability to arrange, size and re-size windows to fit in the tray
- Ability to manage the order of the custom windows
- Feature to hide the taskbar and show the desktop just like in the Windows XP Mode
- Ability to hide the title bar and manage the window button images
- "Window Groups" feature that allows you to hide multiple windows in one transaction
- Ability to control window transition in minimized state (either automatic or manual)
- Ability to change the alpha channel color of the tray icon to easily identify a hidden window
- Ability to control the opacity of the hidden window (Alpha Channel)
- Ability to control the duration of the animation in the minimized state
- Ability to control the desktop transparency (Alpha Channel)
- Ability to control the opacity of the Dock window
- Ability to select between Minimized, Shaded, Split, Tile, Stacked or Maximized on demand
- Ability to change the keybindings (keyboard shortcuts)
- Ability to change the
